### IN SUMMER.

I KNOW not what it is, but when I pass  
Some running bit of water by the way,  
A river brimming silver in the grass  
And rippled by a trailing alder spray.

HOLD in my heart I cannot from a cry.  
It is so joyful at the merry sight;  
So gracious is the water running by,  
So full the simple grass is of delight.

AND if by chance a redwing, passing  
near,  
Should light beside me in the alder tree,  
And if above the ripple I should hear  
The lusty conversation of the bee—

I THINK that I should lift my voice and  
sing,  
I know that I should laugh and look  
around,  
As if to catch the meadows answering.  
As if expecting whispers from the  
ground.

—Philip H. Savage.

"It rains and it hails and it's  
cold stormy weather!"

THE fellow who butts in can  
be forgiven—when he is wise  
enough to back up!

THE cruelest punishment you  
can inflict on some folks is to re-  
fuse to notice them!

CLARENCE Ousley is consid-  
ering too long before jumping into  
the senatorial race. His friend  
Jake has got the toga and is gone!

Good intentions may be all  
right for paving material in a  
certain county said to be warm-  
er than this but it takes money  
to make good roads!

REAL men are always ready  
to apologize or make amends for  
the wrongs they do. Some  
"things" when caught red-  
handed seek to hide it by sneak-  
ing away in silence.

THE young man who invests a  
part of his savings in Medina  
County real estate, town or  
country, is making a wise in-  
vestment and one that he will  
never have cause to regret.  
Land is bound to become more  
valuable as the years advance.

THE rains have put a fine sea-  
son in the ground and as soon as  
the weather will permit farmers  
will be busy breaking land and  
preparing for next year's crop.  
If properly conserved there is  
enough moisture in our black-  
land farms to insure a planting  
season next spring. The early  
oats will soon be ready for  
winter grazing, and our country  
faces a more encouraging out-  
look than it has had in some  
time.

THE Hondo Anvil Herald says  
it would favor a bond issue for  
the construction of good roads in  
Medina County if the people  
could agree on the roads to be  
macadamized, but the county's  
ability to issue bonds is so limited,  
the territory so extensive and  
the interests affected so diverse  
that it is doubtful if such an agree-  
ment could be reached. In the  
absence of such an agree-  
ment it appears to the Anvil  
Herald that the best thing to do  
is to discard the present system  
of road work, levy a road tax  
and have the road working done  
by contract, the contract to call  
for a certain amount of perma-  
nent grading, as well as the up-  
keep of the roads. In a few  
years it is assumed that the  
grades would be in such a condi-  
tion as to render macadamizing  
cheap and practicable. The  
suggestion is not a bad one, for  
it is a fact that the road working  
usually done by farm hands  
without intelligent direction and  
supervision is of very little, if  
any, practical value, often leav-  
ing the roads in worse condition  
than before they were "worked".  
—San Antonio Express.

ONE of the unique journals  
that has come to our notice re-  
cently is that "howl out of the  
wilderness" the Rio Grande  
Cayote, published at Sanderson,  
Texas, by Tex O'Reilly. O'Reilly  
is a humorist—that happiest of  
all literary prodigies—at whose  
quaint conceits one can not help  
but laugh, and beneath his  
humor there is a wholesome  
philosophy that can not fail to  
attract the more serious minded.  
Here is hoping that the Cayote  
may live long to scratch the fleas  
from the body politic and howl  
at humanity's hypocrisies and  
hollow shams!

ONE of the best trade getters  
for any town is the reputation  
for being a good market for farm  
produce. It is the farmers' patron-  
age upon which the town in a  
farming community must de-  
pend for its prosperity, and his  
market for his produce should  
be carefully guarded by his local  
merchant.

WHEN macadamized roads per-

weather will have no terrors for  
the man who must travel. But  
macadamized roads cost lots of  
money and it will be many years

the meantime, however, there  
are many ways in which we can  
all help to hasten that good day.

### A Great Discovery

Certain Ingredients That Really Pro-  
mote Hair Growth when Properly  
Combined.

Resorcin is one of the most effective  
germ destroyers ever discovered by  
science, and in connection with Beta  
Naphthol, which is both germicidal and  
antiseptic, a combination is formed  
which destroys the germs which rob  
the hair of its natural nourishment,  
and also creates a clean, healthy con-  
dition of the scalp, which prevents the  
development of new germs.

Pilocarpin, although not a coloring  
matter or dye, is a well-known ingredi-  
ent for restoring the hair to its natural  
color, when the loss of hair has been  
caused by a disease of the scalp.

These ingredients in proper combina-  
tion, with alcohol added as a stimulant  
and for its well-defined nourishing  
properties, perfect perhaps the most  
effective remedy that is known for scalp  
and hair troubles.

We have a remedy which is chiefly  
composed of those ingredients, in com-  
bination with other extremely invalu-  
able medicinal agent. We guarantee  
it to positively cure dandruff and to  
grow hair, even though the scalp in  
spots is bare of hair. If there is any  
vitality left in the roots, it will posi-  
tively cure baldness, or we will refund  
your money. If the scalp has a glazed,  
shiny appearance, it's an indication  
that baldness is permanent, but in  
other instances we believe baldness is  
curable.

We want every one troubled with  
scalp disease or loss of hair to try Rexall  
"93" Hair Tonic. If it does not cure  
dandruff and grow hair to the satisfac-  
tion of the user, we will without  
question or quibble return every cent  
paid us for it. We print this guaran-  
tee on every bottle. It has effected a  
positive cure in 93 per cent of cases  
where put to a practical test.

Rexall "94" Hair Tonic is entirely  
unlike, and we think, in every particu-  
lar, better than anything else we  
know of for the purpose for which it is  
prescribed. We urge you to try this  
preparation at our entire risk. Certain-  
ly we know of no better guarantee  
to give you. Remember, you can  
obtain Rexall Remedies in Hondo  
only at our store—The Rexall Store.

Read what Cardui did for Miss Myria Engler, of Faribault, Minn. She says: "Let me tell you how much good Cardui has done me. As a young girl, I always had to suffer so much with all kind of pain. Sometimes, I got so weak that I could hardly stand on my feet. I was a bottle of Cardui, at the drug store, and as soon as I had taken a few doses, I began to feel better. Today, I feel as well as anyone can."

**TAKE The CARDUI Woman's Tonic**

Are you a woman? Then you are subject to a large number of troubles and irregularities, peculiar to women, which, in time, often lead to more serious trouble. A tonic is needed to help you over the hard places, to relieve weakness, headache, and other unnecessary pains, the signs of weak nerves and over-work. For a tonic, take Cardui, the woman's tonic. You will never regret it, for it will certainly help you. Ask your druggist about it. He knows. He sells it.

Our fellow townsman, Charles V. Brown, returned last Sunday from an extended business trip to Taylor, Hutto and other points east.

Last Monday's rainfall amounted to 1.3-8 inches, while in some parts of the community it was heavier. Mico reported one half inch precipitation.

Hy. Vonfie made a business trip to Hondo Monday, returning Tuesday.

We are glad to state that Master Paul Mechler of the Sauz, who had been brought to town for medical treatment several weeks ago, has recovered and was able to return to his home Tuesday.

The Feasts of All Saints and All Souls were observed at the St. Louis church Wednesday and Thursday. The weather was fine the first day, but on

Thursday it began to rain in a slow, soaking manner continuing until Friday morning, therefore the usual procession to the cemetery on All Souls day was postponed and then held on Sunday afternoon.

County Attorney R. J. Noonan and Judge Blocker were here on legal business Saturday.

Messrs. Palfrey and Kearney, representatives of the Medina Irrigation Co., were Castroville business visitors Saturday.

About fifty Negroes camped here Sunday night and were taken to a camp up on the river this morning. They will work on the main canal for the Medina Irrigation Co.

Mr. and Mrs. G. Weiblen of Second Creek made a business trip to Hondo this morning.

**Avoid Harsh Drugs**

Many Cathartics Tend to Cause Injury to the Bowels.

If you are subject to constipation, you should avoid strong drugs and cathartics. They only give temporary relief and their reaction is harmful and sometimes more annoying than constipation. They in no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact.

We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on the positive guarantee that it shall not cost the user a cent if it does not give entire satisfaction and completely remedy constipation. This preparation is called Rexall Orderlies. These are prompt, soothing, and most effective in action. They are made of recent chemical discovery. Their principal ingredient is odorless, tasteless, and colorless. Combined with other well-known ingredients, long established for their usefulness in the treatment of constipation, it forms a tablet which is eaten just like candy. They may be taken at any time, either day or night, without fear of their causing any inconvenience whatever. They do not gripe, purge, nor cause nausea. They act without causing any pain or excessive looseness of the bowels. They are ideal for children, weak, delicate persons, and aged people, as well as for the most hearty person.

They come in three size packages, 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Remember, you can obtain them only at our store—The Rexall Store. Willman & Martin.

It cured my daughter of a bad cold and my neighbor, Mrs. Benson, cured herself and her whole family with Foley's Honey and Tar Compound. Everyone in our neighborhood speaks highly of it." For night coughing, dryness and tickling in the throat, hoarseness and all coughs and colds, take Foley's Honey and Tar Compound. Contains no opiates. Always in a yellow package. Willmann & Martin.

**SWINE EXHIBIT A GOOD ONE.**

Berkshires, Poland China, Duroc Jerseys, Chesters, Essex, Tamworth, Yorkshires Will Be Shown.

San Antonio, Tex.—International Fair directors are congratulating themselves on the prospects of an unheard of swine exhibit during the Fair this fall, November 3 to 12. So many breeders have been clamoring for space that it was necessary for additional pens to be built. These entries already include the best possible quality of Berkshires, Poland China, Duroc Jerseys, Chesters and other white breeds, Essex, Tamworth, Yorkshire and Hampshires.

Just now there is a livelier interest being taken by farmers in Texas, and the exhibits this fall at the International Fair will contribute largely to stimulating the industry, think those interested. George P. Lillard of Seguin is the superintendent of the Swine Department of the Fair, and he is very enthusiastic over the prospects of an astounding display of swine at the exposition.

A Gathering of Old Soldiers at the San Antonio International Fair in November Will Be Interesting.

San Antonio, Tex.—Much interest is being shown by the old soldiers in the day set aside by the International Fair management as Old Confederate Veterans' Day, November —. Besides the usual orations appropriate to the day and the occasion, there will be camp-fire talks, and some eating well worth while. The men who wore the gray and followed the stars and bars during the troublesome times of the early 60's are looking forward with much interest to the coming of Old Confederate Veterans' Day at the Fair.

**The Twilight of Life.**

The muscles of the stomach in old age are not as strong or active as in youth and inconsequence old people are very subject to constipation and indigestion. Many seldom have a bowel movement without artificial aid. Many, also have unpleasant eructations of gas from the stomach after eating. All this can be avoided by the use of Dr. Caldwell's Syrup Pepsin, which permanently regulates the bowels so that passages come naturally, and so strengthens the stomach that food is digested without discomfort. It is absolutely guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Ill. It is sold by all dealers at 50c and \$1 a bottle.

## THE LIVE STOCK EXHIBIT

AT THE SAN ANTONIO INTERNATIONAL FAIR

This Year Will Excel Any Previous Year and There Will Be Entries From Many States.

San Antonio, Tex.—If the International Fair, November 3 to 12, excels this year in any one thing it will be the Live Stock Department. Never before, say the directors, have indications been so favorable for a complete and exhaustive exhibit of live stock of every kind and breed.

The excellent feed crops in most sections of the State have made it possible for any breeders to keep their herds in fine condition, and such always stimulates interest in live stock. This year there will be entries from practically every part of the United States. Breeders realize that Southwest Texas is a good field for their stock, and San Antonio International Fair an ideal showing place.

At present the Fair management feels certain that there is sufficient barn, stall and pen room for all who may come. However, much space has already been taken, and there is a long waiting list of stockmen anxious to obtain facilities for displaying their live stock. All barns, sheds, stalls and pens have been overhauled, repaired and cleaned, and are now ready for the animals which will be seen at the Fair.

So many are the different varieties and breeds already entered that an enumeration of them would be impossible in a brief space. Suffice it to say that breeders of cattle, sheep and goats, swine, jacks and jennets and horses are entered in keen competition for the many honors and substantial and attractive prizes offered.

Here is the arena program:  
Monday, November 6—Duroc Jersey and Tamworth Swine, Shorthorn Cattle, Red Polled Cattle, Yorkshire Swine.

Tuesday, November 7—Poland China Swine, Goats, Hereford Cattle, Polled Durham.

Wednesday, November 8—Berkshire Swine, Aberdeen Angus Cattle, Sheep.

Thursday, November 9—Hamshire, Essex, Chester and White Swine, Jersey Cattle, Mules.

Friday, November 10—Jacks and Jennets, Range Cattle, Steers.

All horses will be shown and judged during the Horse Show, which will be held three nights during the Fair.

### BOYS' CORN CLUB DAY.

A Large Per Cent of the 60,000 Boy Corn Raisers in the State Will Be at the Fair in November.

San Antonio, Tex.—November 10 has been designated as "Boys' Corn Club Day" at the International Fair this fall. There are approximately 60,000 members of the boy corn raisers in the State, and a large per cent of these are expected to be present at the Fair on this day. Invitations have been sent out by the Fair management, and efforts have been made to encourage exhibits from these boys. Appropriate badges will be furnished. In every section of the State there are boys cultivating the required acre of corn under Government direction, and the Fair Association offers substantial and attractive prizes for the boys making the best showing. J. L. Quicksall of Waco, United States Department of Agriculture, in charge of the demonstration work in the State, will superintend the corn exhibits of the boys.

### ART EXHIBIT AT FAIR.

Painters, Sculptors, Architects and Photographers of All Parts of the Country Taking Interest.

San Antonio, Tex.—Painters, sculptors, architects and photographers in all parts of the country are taking much interest in the proposed art exhibit at the International Fair this fall, November 3 to 12. In years past this Department has excelled in interest for visitors many other departments, and those in a position to know say this year's showing will eclipse exhibits of former years.

Miss Mamie Florian, superintendent of the Art Department, an art teacher and critic of no mean worth, is very much pleased with the outlook for a grand show of art, particularly pictures. She promises that paintings, drawings, water colors, pastel or pen and ink sketches from some of the most famed artists in America will be on exhibition, in the space set aside for the Department's hangings. New York, Boston and Chicago studios will furnish many of the studies, while in one or two instances the artists themselves will attend, the better to aid in the appreciation of their work.

### FAIR WELL ADVERTISED.

Management of International Fair Actively Engaged in Advertising What Will Be Seen.

San Antonio, Tex.—The management of the International Fair, which exposition holds forth in this city November 3 to 12, is actively engaged in advertising to the State just what to expect of the Fair this fall. About 15,000 sheets of bill-board matter, to be displayed on the billboards of every city and town in the State where deemed necessary, have been sent out. This matter has been forwarded to responsible parties who are instructed to see that the display matter is properly handled.

## STOCKMEN AND RANCHMEN

FROM EVERY SECTION OF TEXAS WITH PRIZE HERDS

Will Be at the International Fair at San Antonio This Year—Much Blooded Stock.

San Antonio, Tex.—Cattlemen and stockmen and ranchmen from every section of Texas will bring their herds to the International Fair, November 3 to 12, inclusive, says H. G. French, who is superintendent of the Cattle Department of the Fair. He says never before has he noted such an interest in the Fair's exhibits in the Live Stock Department as has been manifested during the last few weeks by prominent cattlemen all over the country, the enthusiasm even extending into Mexico.

Here are some of the breeds that have already been entered: Short-horns, Herefords, registered Red Polled, Red Polled steers, Polled Durham, Aberdeen Angus, Jerseys, Holstein, Brahmas, Texas steers, and range cattle. The most substantial prizes of any department are offered for superior cattle of all breeds.

Stockmen have always supported the International Fair, and this year, according to the entries, they are continuing to increase their support.

### FLOWER AND PLANT EXHIBIT

At International Fair Will Be Greater and Grander This Year Than Ever Before—Many Prizes.

San Antonio, Tex.—Of particular interest to flower and plant growers of any sort will be the exhibits in the Floral Department of the International Fair, November 3 to 12, inclusive. Special attention will be paid to cut flowers, and many more specimens are expected than in previous years. Pot plants will also be shown in abundance, and the entry lists already display that there will be a mammoth show of chrysanthemums of all varieties. Substantial prize offers have brought in sight growers of fruited plants, and these will be seen in profusion.

Miss Etta Hummel, superintendent of the Floral Department, is being deluged with inquiries concerning the floral display and fern exhibits. There is one class listed for amateurs, which it is expected will bring out many pots and pans of flowers from the homes and the garden walks. A first prize of \$25 is offered for the best pot grown and ornamental plants.

Special awards will be provided for artistic arrangement of flower pots, baskets and boxes, and keen competition is expected here by the florists who enter their products. The exhibition hall for the Floral Department is a greenhouse in itself, and ample facilities are at hand to protect the most delicate vegetation.

### CHEAP RATES TO FAIR.

Liberal Rates to International Fair at San Antonio, November 3 to 12, Have Been Made by Railroads.

San Antonio, Tex.—At a conference of the officials of the terminal lines of railroad entering San Antonio very liberal rates have been fixed for the International Fair dates, November 3 to 12. As in years passed, the officials have made special efforts to accommodate the Fair management in offering the best possible rates for all occasions.

There is little change from the rates last year. The convention basis rates, a fare and one-fifth, will be in effect from November 2 to 13, inclusive. These tickets will be good for the entire eleven days. Tickets, one fare plus 10 cents, limit two days, will be on sale from all points within a radius of 75 miles. There will be several low popular rates, including special rates during the two Sundays.

In addition there will be a \$10 rate from El Paso, and the usual low rates from Mexico. The special days will be so arranged as to come within the limit of the days on which the exceptionally low rates are granted.

### THIRD ANNUAL BENCH SHOW

Of Dogs Will Be Given Under the Auspices of the Lone Star Field Trial Club at Fair.

San Antonio, Tex.—The third annual bench show of dogs, given under the auspices of the Lone Star Field Trial Club, which will be held during the International Fair, November 3 to 12, promises to bring out the best array of canines ever shown in the South. An elaborate premium list has been issued, and dog fanciers in all parts of the country are anxiously inquiring about the show. This list shows about 400 different classes with 150 different breeds. The premiums consist in many silver loving cups and similar trophies, besides substantial money prizes. The show will extend over four days of the Fair.

### A CHILDREN'S DEPARTMENT

San Antonio, Tex.—The San Antonio International Fair, November 3 to 12, will conduct a Children's Department of more than passing worth and interest. The work of little girls with the needle and the sewing machine, as well as the oven and the dish-pan will be no more interesting and instructive to little girls than the agricultural accomplishments of the boys, which will constitute their department. Substantial prizes are offered and has stimulated much interest.

### Lazy Liver

### Spoils Day's Work

Don't Let a Torpid Liver Knock You Out of a Day's Work—There is a Better Way—Read About It.

A man feels very little like working and a child don't want to go to school when bilious or constipated. If you try calomel to cure you the chances are that you will be so weakened by its after-effects that you will be laid up for two or three days more. So we say "Don't take Calomel." We have a perfect substitute for calomel right here in our store, that we can fully guarantee to cure constipation and liven up the liver just as quickly as calomel, but without any of the bad after-effects of calomel. The name of this tonic is Dodson's Liver-Tone. It is a pleasant tasting vegetable tonic that mildly stimulates the liver and causes it to work just right to cleanse the body without any danger of salivation. When you try it if you do not say that it is a perfect substitute for calomel, come right in and get your money back. W. H. Windrow's drug store.

The picture being in eight colors, the tones of the original are faithfully reproduced.

Seems heavier when he has a weak back and kidney trouble. Fred Duehren, Mail Carrier at Atchison, Kas., says: "I have been bothered with kidney and bladder trouble and had a severe pain across my back. Some time ago, I started taking Foley Kidney Pills and since taking them I have gotten entirely rid of all my kidney trouble and am as sound as ever." ### SAN ANTONIO SCHOOLS.

There Will Be an Exhibition of What Is Being Accomplished in the Alamo City Schools.

San Antonio, Tex.—Of greatest possible educational value will be the School Department of the International Fair, which exposition will be held here November 3 to 12. For the most part it will be an exhibition of what things are being accomplished in the San Antonio schools, both public and private. There will be hundreds of things to interest school patrons and intellectually inclined visitors.

Charles J. Lukin, superintendent of the San Antonio public schools, is superintendent of the School Department. He has spared no pains or expense to get together a school exhibit that will do any community proud. The School Board appropriated as much money as was needed, besides a liberal contribution from the Fair Association.

Here are some of the different sections of the department: Art section, manual training, shop work, high school departments, cooking and sewing classes, and so on. Both white and colored schools will be represented by their work.

There will be students working in the manual training shop tasks, and girls' sewing and cooking, with samples of their work, before the very eyes of the visitors. Last year the School Department exhibit was a creditable showing of a highly educational value; but Superintendent Lukin declares this year will excel anything ever attempted by the schools.

**POULTRY EXHIBIT AT FAIR**  
 MANY PRIZE BIRDS HAVE BEEN ENTERED.

The Poultry Department Has Grown to Enormous Proportions and New Exhibit Hall May Be Provided.  
 San Antonio, Tex.—Chicken raisers and fanciers from every section of the State and many out of the State will be represented by pens of their best blooded stock in the Poultry Department at the International Fair this year, held here November 3 to 12, inclusive. Many prize birds have been entered, and in many classes the competition promises to be of the keenest sort.  
 L. M. Samuels, superintendent of the Poultry Department, is confident the chicken, turkey and other fowl show will be the best by far of anything ever attempted in these parts. O. L. McCord of Illinois, who has given satisfaction as a judge the last two years, has been retained to award the prizes. It is understood that the Lone Star Poultry Association, a local organization, will take an active part in the exhibits, as will other poultry associations throughout the country.  
 So enormously has the Poultry Department grown in the last few years that it is feared a new exhibition hall must be provided soon. New coops have been bought for extra entries, but there is scarcely any room left for the coops. The rules are that no carload lots of chickens or other fowls will be allowed to enter the exhibitions as the entries of one man or one concern.

**HORSE SHOW AT FAIR.**  
 Will Be Held Three Nights and Will Be the Great Social Event of the Entire Fair.

San Antonio, Tex.—All horses in the Live Stock Department of the International Fair this year, November 3 to 12, will be shown and judged during the Horse Show, to be held three nights of the Fair. This show will be the great social event of the entire Fair, and horse fanciers from all parts are eagerly asking about the show. For this event there will be entered some of the most noted horses in the South—equines that have won blue ribbons at St. Louis, Chicago and Kansas City Shows.  
 A special program has been arranged for the show, and entries made already have far outstripped expectations. O. J. Woodhull, who will have charge of the show, says the display of horseflesh will be the best ever seen in the South, certainly ever seen in San Antonio. The show will be held in the great hippodrome of the race course, which will be strung with thousands of electric lights, and in addition monster searchlights will be trained on the frisky steeds on display.  
 All San Antonio society will be there in gay attire, as well as the butterflies of other cities, towns and hamlets. The show will be held toward the close of the great Exposition, and is expected to act as a brilliant and fitting climax for the entire Fair.

**BEE AND HONEY DEPARTMENT.**

San Antonio, Tex.—The Bee Keepers' Association expect to have one of the finest apiahy exhibits ever seen in this section of the country. The Bee and Honey Department of the International Fair last year surpassed by far anything that had been shown, and created much interest among the visitors of the Fair. This year the Fair management proposed to have still better specimens of honey. A. M. Pyron, superintendent of this department, is all smiles over the prospects for an excellent Bee and Honey Department. The exhibits in the main will be under the charge of the State secretary of the Bee Keepers' Association.

**MEXICO WILL BE REPRESENTED**

San Antonio, Tex.—Despite the reconstruction conditions in a greater portion of Mexico, reports are that many sections intend to be represented at the Land Show, to be held during the International Fair in San Antonio, November 3 to November 12. Officials of the railroads throughout Northern and Central Mexico say the agricultural and mineral interests of these parts will make creditable showings.  
 However, the districts most thoroughly represented at this Land Show will be those of the Lower Rio Grande Valley, think those behind the show. They say practically every place, even down to small communities, will be represented.

**GOVERNMENT BRED FISH.**

San Antonio, Tex.—The International Fair, among its many curiously instructive exhibits this year, will have an aquarium of good size filled with any quantities of Government bred fish. In the past this exhibition has proven of particular interest to all comers. This year the fish exhibit is expected to create much more interest and cause a large attendance, because of the fact that the Government hatcheries at San Marcos have been discontinued, and the scientific breeding of fish can not be seen elsewhere than at the Fair this fall, November 3 to 12, inclusive.  
 Some thirty different varieties will be shown in a large partitioned glass aquarium.

**THE DIVIDED INHERITANCE**  
 Strange Provisions of Colonel Archard's Will.

In colonial times the family Bible was often the most important article in the household. The Archards, an aristocratic family of Maryland, possessed a very large Bible that had been brought from England in 1660 and had since descended from father to son. When the Revolution came Colonel Robert Archard adhered to the cause of the king, influencing two of his sons to do the same. His youngest son, Carrol Archard, joined the "rebels" and was banished by his father. Carrol married Martha Curtis, the sister of a brother officer in the Revolutionary army. Carrol was killed at the battle of Monmouth, leaving his wife to struggle for the support of their infant son.  
 Not long after the colonies had achieved their independence Colonel Archard died. He was a strange man, and it was expected that his will would contain some singular provisions. The expectation was fulfilled. He divided his property into two parts of about equal value, giving his oldest son, Robert, first choice; his next son, James, second choice. A third bequest was the family Bible, which was left to the widow and little son of Carrol Archard in case neither of his sons preferred to take the book, relinquishing his share to Martha and little Carrol.  
 When the will was read Robert Archard, after thoroughly investigating the value of the two portions, selected that which he considered most desirable.  
 "Robert Archard," said the family lawyer, who had drawn the will, "your father charged me to ask you if you would relinquish your share to Martha Archard and her son, taking the family Bible instead."  
 "I will not," said Robert.  
 The lawyer then told James Archard that it was optional with him to take the remaining portion of the estate or the Bible. James showed no more disposition to give up his inheritance than his brother had shown.  
 Before handing over the two portions of the estate to the brothers the attorney addressed them: "I was in your father's confidence when he made this will. He told me of the existence of Mrs. Archard and her son and was undecided what to do for them in bequeathing his property. He determined to leave all to his two sons, with a request that they should find Mrs. Archard and little Carrol and provide for them."  
 "I told my client that in my long experience in such matters I had never known a legatee to part with any portion of his inheritance through an instruction which was not obligatory by the will. I advised him that if he wished to provide for his son Carrol's family to do so by leaving a portion of his property directly to them. Colonel Archard declared that he had perfect confidence in the generosity of his sons and that they would carry out any request he might make of them. Nevertheless he took the matter under advisement. A few days later he sent for me and instructed me to draw this will, enjoining upon me the duty of making his intentions perfectly plain to his heirs. He desired to leave either or both of his sons free to accept his inheritance or surrender it to his brother's widow and son."  
 "Our brother," said Robert, "was a rebel and a traitor, and I see no reason why I should give my property to his widow and son."  
 "I concur with Robert in this matter," said James.  
 "Then sign the papers, receipting for your portions," said the lawyer.  
 When the signatures were affixed the lawyer handed the brothers the deeds to their portions and locked the receipts in his box. Then, turning to the widow, he handed her the Bible.  
 "I am at least pleased," she said "that my husband's father and my son's grandfather has shown a kindly interest in us. The family Bible, the most sacred treasure of the household will descend through my boy, and I am sure it will have its influence upon him and those who follow him. Take it, Carrol, and abide by its precepts."  
 She handed the Bible to her boy.  
 "Turn the leaves," said the lawyer.  
 The boy turned the leaves, presently coming to a bank bill. It was for \$1,000.  
 "Take it," said the lawyer. "It belongs to you and your mother. Now turn more leaves."  
 One hundred thousand dollars in bills was taken from the Bible. The two brothers, whose portions combined were less valuable, stood watching the child withdraw the legacy, and when the last bill had been withdrawn Robert said fiercely:  
 "This is not simply a Bible; it is a portion of our father's fortune and belongs to me and my brother. We will contest the will."  
 "That would be inadvisable," said the attorney. "Since you have receipted for your portions, and if the will is declared void the widow's and her son's portion under the law would be a third of the whole, or very nearly what they have received."  
 The brothers retired discomfited.  
 Mrs. Archard and her son lived comfortably on the income of their portion, which in those days was a handsome fortune. Carrol Archard's education was well cared for, and he was graduated from college with honor. During the early part of the nineteenth century he represented his state in congress.
